RE: Well Permit #141935, 196 Rivercliff Drive, Stony Point, NC

Dear Ms. Rhone:

In 2009, a new well was installed in the Riverwalk subdivision at 196 Rivercliff Drive, Stony Point, NC, for you. We are needing to take the water samples but have been unable to contact you by phone to see if the well is actually in use now. Both the septic and well were approved in November, 2009, but we were never notified if you had moved in. The well must be in use 30days after the final inspection to insure that the chlorine has had ample time to dissipate. If this well has been in use more than 30 days, please contact our office at 707-878-5305 so we can schedule to have the required samples taken.

Sincerely,

Alice Davidson
