UPPER LEVEL

Main Level

- Traffic flows easily through the double doors separating the dining room and kitchen.
- Separated from the family room by pocket doors, the living room can serve as spillover space when entertaining large groups.
- The flickering light from the fireplace in the family room will attract gatherings. Flanking doors reveal the large deck beyond.
- Granite countertops and maple cabinets accent the island-style kitchen. Its open design, combined with the large window and vaulted ceiling in the breakfast room, contribute a grand sense of space.
- The owners' suite anchors one corner of the home. Access the deck for a breath of fresh air. A luxurious bath features twin vanities, a whirlpool tub, separate shower and his-and-her walk-in closets.
- You'll appreciate the side porch's entry into the laundry room when shedding gardening clothes. This convenience eliminates mud tracked through the house.

Upper Level

- Two bedrooms, one of which features a walk-in closet and charming dormer window, share a central bath.
- Guests will appreciate their own suite with a full bath, walk-in closet and dormer windows.
- Its own private staircase makes retreating to the recreation room easy. Set up your billiards or pingpong table here to satisfy entertainment needs.
