MAIN LEVEL

UPPER LEVEL

Main Level

- A covered porch and charming gazebo conjure up images of lazy afternoons spent chatting with friends.
- Connected to the kitchen by way of a butler's pantry, the formal dining room overlooks the gazebo.
- The gathering room will easily live up to its name, as the warmth from the fireplace is sure to draw people in. A two-story ceiling lends to its understated elegance.
- Granite graces the countertops in the island-style kitchen. Sharing its large space, the breakfast room is a sunny spot to enjoy casual meals.
- Manage the household in peace – the home office is tucked away in a quiet corner of the home.
- In the owners' suite, you'll relish being able to step outside to the patio to enjoy the breeze. The owners' bath is complete with dual vanities, a whirlpool tub, tile shower and massive walk-in closet with a built-in chest of drawers.

Upper Level

- One suite, great for guests, features its own private bath and walk-in closet.
- A remarkable octagonal sitting area and private balcony may make another suite the most coveted. A walk-in closet and in-suite access to a bath complete the space.
- If you can dream it, you can create it! Finish the future bonus room to create whatever room you want.
