AVAILABLE SPACE (.1945) — SITE CLASSIFICATION (.1948): — SITE LONG-TERM ACCEPTANCE RATE: —

EVALUATED BY: A.L. OTHER(S) PRESENT: DAVID HINSON

COMMENTS: LOT HAS existing well and existing system to be abandoned due to size and placement of structure there is insufficient space on back of lot for system, a new well could however be accomodated w/ appropriate setbacks. There is adequate space on front of lot, however landscaping and driveway placement will be strongly influenced by system and repair area.
