Gentlemen:

This is to certify that should the sewage disposal facility for Recreational Lot 86, Section 9, Lake Norman at some future date fail to meet your standards and if corrections cannot be made on said lot to bring the sewage disposal facility up to your standards, then, in such even, I will cause corrections as are necessary to be made on the area provided by Crescent Land & Timber Corporation to be used as a drain field.

This certification is made in order that you may issue proper Certificate of Completion of the sewage disposal facility.

Yours very truly,

Clayton A. Boggan, Jr.
