The Satchwell
Plan 967

© 2002 Donald A. Gardner, Inc.

Graceful arches contrast with high gables for a stunning exterior on this Craftsman home. Windows with decorative transoms and several French doors flood the open floorplan with natural light. Tray ceilings in the dining room and master bedroom as well as cathedral ceilings in the bedroom/study, great room, kitchen, and breakfast area create architectural interest, along with visual space. Built-ins in the great room and additional room in the garage add convenient storage. While a screened porch allows for comfortable outdoor entertaining, a bonus room lies near two additional bedrooms and offers flexibility.

Total Living Area.....2097 sq. ft.

The Villages at Isle of Pines
