The Wilshire Plan# W-AOL-976

© 2002 Donald A. Gardner, Inc.

Blending stone with siding, this house plan has many architectural features: an arch and column porch, metal roof on a box bay window, and striking shed dormer. Built-in cabinetry, decorative ceilings, and a cooktop island are just a few of the lush amenities. A study/bedroom and bonus room provide versatility.

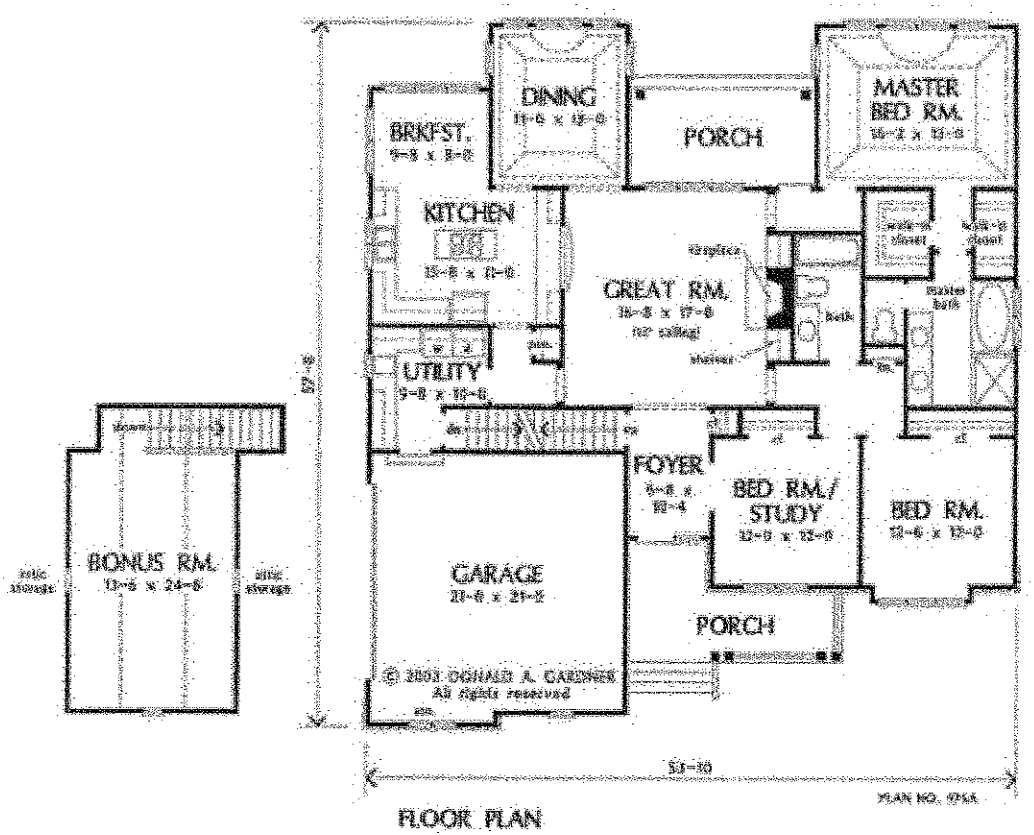

Specifications

Total living:	**1,904 Sq. Ft.**
