Ring Industrial Group ("Ring") hereby extends, for a period of FIVE (5) YEARS, the following Limited Warranty to the system owner who acquires through an authorized EZflow Brand drain field system installer a new EZflow Brand drain field system located in the State of North Carolina. The drain field system is warranted to be free from defective materials and workmanship and to perform in accordance with the state performance requirements (15A NCAC 18A Section .1900) in effect on the date of installation. This Limited Warranty applies only to those EZflow Brand drain field systems whose trench length modification has greater than a 25% reduction as compared to the sizing standard for a conventional gravel trench as permitted by the State of North Carolina. The terms of this warranty shall transfer from the original system owner to subsequent system owners for the duration of this Limited Warranty. This Limited Warranty covers only the performance of the EZflow Brand drain field system as manufactured and installed in accordance with the manufacturer's design specifications and current state regulatory approval.

II. CONDITIONS OF LIMITED WARRANTY:

This Limited Warranty shall only apply if the EZflow Brand drain field system is installed for use with domestic strength effluent and located in the State of North Carolina and all of the following terms and conditions are satisfied:

(i) The design and installation of the EZflow Brand drain field system is according to all applicable plumbing and building codes, ordinances, requirements and regulations.

If the EZflow Brand drain field system fails within the five (5) year period of this Limited Warranty and all of the terms, conditions and requirements of this Limited Warranty have been met, Ring shall provide all materials and labor that may be necessary to provide a fully functional wastewater system at no cost to the system owner. This section shall not be construed to require that a manufacturer warrant an innovative wastewater system that is not properly sized to meet the design load required for a particular use, that is improperly installed, or that is improperly operated and maintained, in accordance with 15A NCAC 1 8A . 1900 et. seq. Warranty repairs such as full replacement of the nitrification system, extension of the nitrification system or other repairs shall be completed pursuant to a repair Authorization to Construct to be issued by the local health department in accordance with 15A NCAC 18A .1900 et. seq.
