Re: Northington Woods Lot # 18

Dear Mr. Richardson:

A site visit was made to the above referenced property on March 28, 2007 in order to inspect the Septic Tank and drain lines. During this visit it was discovered that there were **unauthorized** changes to the tank and well locations. The relocation of the well has resulted in a conflict with the existing septic permit for the adjacent lot (#19) and a violation of the permit. Therefore, until this problem can be resolved, a **"Hold"** will be placed on the Septic permits for both lots.

Please contact the Health Department at (704)664-3739 for further review of this matter.

Sincerely,

Maria H. H. Dotson RS
