BUILT-IN MEDIA SHELVES . . . *Catering to today's families, built-in media centers provide efficient storage for stereos, televisions and stacks of compact discs and videos. As a result, the placement and design of media centers are very important. The following plans demonstrate the advantages of having built-in media shelves.*

PAMPERING MASTER SUITE

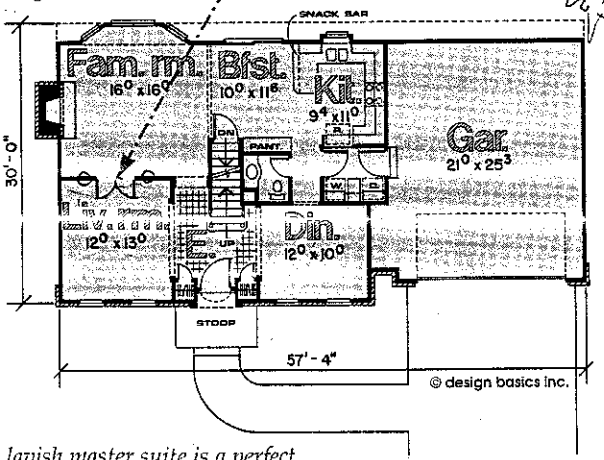

Main Floor: 1000 Sq. Ft.
Second Floor: 1345 Sq. Ft.
Total Square Feet: 2345 Sq. Ft.

Franklin

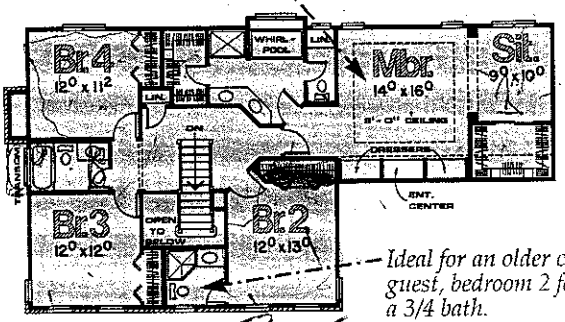

#28B-2316 Price Code B23

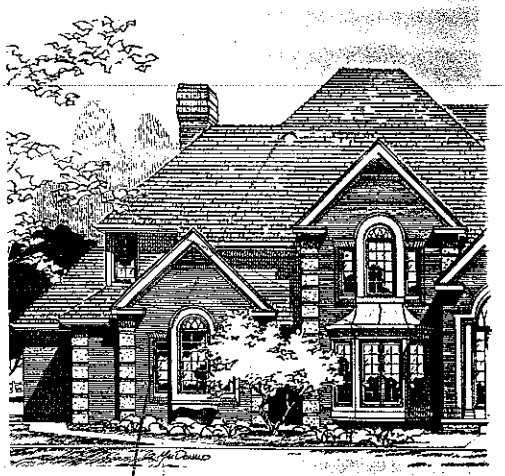

The living room expands the family room through a set of elegant French doors.

The lavish master suite is a perfect place to unwind with a built-in entertainment center, private sitting room and pampering master bath.

Ideal for an older child or guest, bedroom 2 features a 3/4 bath.
