PLAN # 92668

1970 sq. ft.

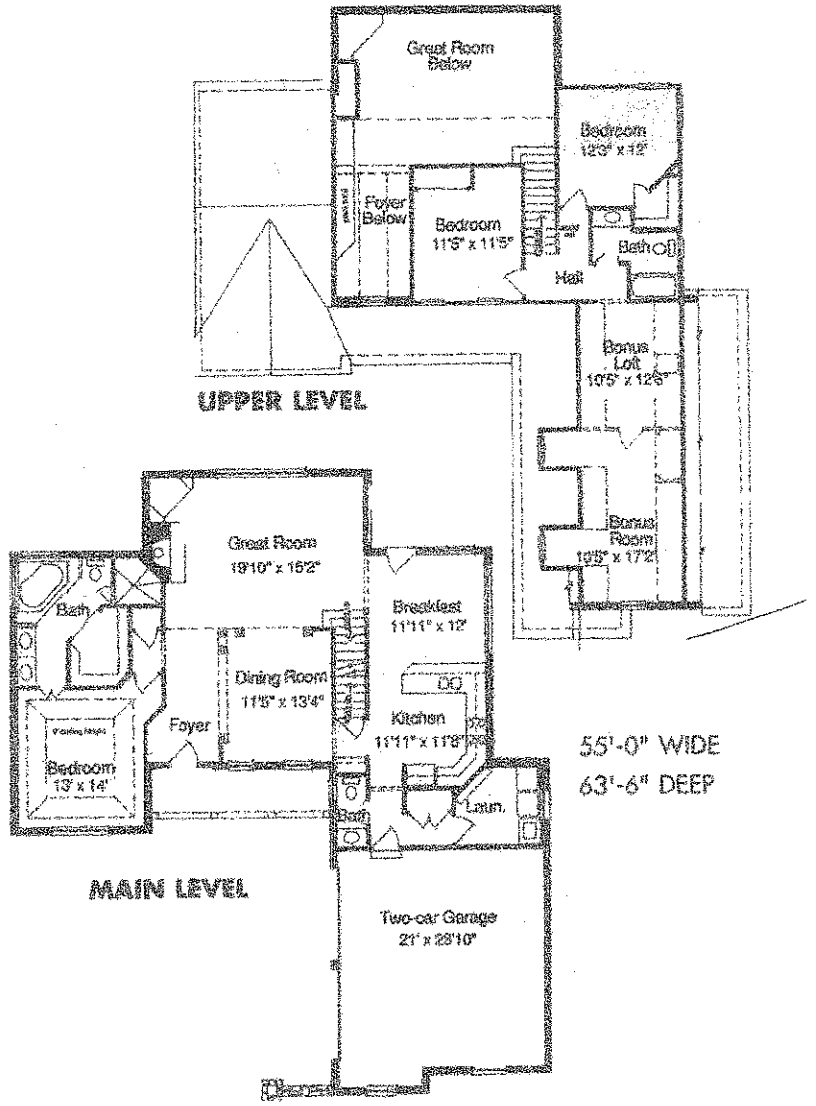

3 bedrooms

2½ baths

Price Group B

MULTIPLE SIDING STYLES

Brick, stone, and clapboard siding combine to distinguish this traditionally styled two-story home. Columns separate the dining room from the great-room. The main-level master suite has its own wing. Two separate bonus rooms over the garage provide room for expansion. This home is designed with a basement foundation. Design © Snider Residential Design, Inc.
