Subject: 254 Honeysuckle plan for pool
Attachments: 254 Honeysuckle sketch for pool.pdf

Hi Ronda,

It was nice talking with you in regards to the future plans for a pool installation at 254 Honeysuckle loop. As I mentioned we are just trying to see if one can be installed at this property as part of our due diligence before purchasing the house. We are currently located in Connecticut so your help is really appreciated! I have attached a revised sketch on top of the survey we had done. Can you please review this with the appropriate people and let me know if anything else is required. Also, can you confirm that you have received this email?

Thank you again for your help,

Mike Bosak
