Re: Carolwoods Subdivision

Dear Fred:

Mr. Charles Ervin called today to request permission to use a Myers WHR5-HC pump in lieu of the Hydr-O-Matic specified on our plans. Please be advised we have no objections to substituting this pump. Please let me know if you have any questions.

I trust you had a good Christmas and my best wishes for this New Year (I'm having trouble getting used to writing '86).

Very Truly Yours,
King, Stewart & Associates

Dale C. Stewart, P.E.
