NCOWCICB General Contractor Waiver/Exemption Form

I Michael J Watt, am a North Carolina General Contractor licensed under Article 1 of Chapter 87 of the General Statutes. My NC General Contractor's # is 51404 (a copy of the current license MUST be attached to this form or it will not be accepted). I certify that myself and/or my employees (employees must be on the payroll and must have W-2's filled and taxes taken out on them or they can not be considered employees) constructed, and/or installed the wastewater system for the property located at: 6757 Waldon Ridge. According to NC General Statues, Article 5, Chapter 90A-72 (b) (3) *A person licensed under Article 1 of Chapter 87 of the General Statues who construct or, installs an on-site wastewater system ancillary to the building being constructed does not have to be certified as an On-site Wastewater Contractor. This does not supercede the requirement for certification from proprietary system manufacturer.* By signing this document I understand that I am taking sole responsibility for the construction, and/or installation of the above mentioned wastewater system. I also understand that this document will be attached to the final signed off septic permit and the Operation Permit, when issued.
