Cool Comfort

This beautiful brick country home offers style and comfort for an active family. Two covered porches and a rear deck with spa invite enjoyment of the outdoors, while a well-defined interior provides places to gather and entertain. A cathedral ceiling soars above the central great room, warmed by an extended-hearth fireplace and by sunlight through an arch-top clerestory window. A splendid master suite enjoys its own secluded wing, and offers a skylit whirlpool bath, a cathedral ceiling and private access to the deck. Two family bedrooms share a full bath on the opposite side of the plan.
