Christopher Stutts
135 Scarlet Tanager
Troutman, NC

Dear Mr. Stutts:

At the above address, my company has had a maintenance contract for the low pressure pump type septic system. This contract was made with Cedar Croft Homes for the period of August 2007 to August of 2008. This maintenance contract is a requirement of the NC state sewage rules, which is enforced by the Iredell County Health Department for this type of sewage system (see #15A Admin. Code #18A.1961 of the NC state sewage rules). This contract will expire at the end of August 2008; therefore, if you would like to renew this contract with my company, please contact me at 704-873-2171 or 704-902-1122. The price of this one year contract would be $250.00, which is the same as the previous year. If I do not hear from you by the end of August, I will assume you no longer need my services and by law I must inform the Iredell County Health Department that I am no longer the operator for this system.

Thank you for the opportunity to serve you in this matter.

Sincerely,

J. C. Moore
NC Registered Sanitarian (Cert. #372)
Subsurface System Operator (Cert. #985357)
NC Onsite Wastewater Inspector (Cert. #12331)
