◆ Inviting porches are just the beginning of this lovely country home. To the left of the foyer, a columned entry supplies a classic touch to a spacious great room that features a cathedral ceiling, built-in bookshelves and a fireplace that invites you to share its warmth. An octagonal dining room with a tray ceiling provides a perfect setting for formal occasions. The adjacent kitchen is designed to easily serve both formal and informal areas. It includes an island cooktop and a built-in pantry, with the sunny breakfast area just a step away. The master bedroom, separated from two family bedrooms by the walk-in closet and utility room, offers privacy and comfort.
