Beautiful styling that is sure to serve many persons needs. Split bedroom plan to maximize use of space. Master suite is well appointed with jet tub, dual lavatories, separate walk-in shower, and large closets. Optional Bonus room over the garage may serve as fourth bedroom, game room, or office (can also be used as 3rd car space or shop). Great flexibility with Office/lounge/bonus room off master suite. Country kitchen with island and a raised bar to keep family and friends close, but out of the work triangle. Gas logs or fireplace in corner of great room so you can have your fireplace and view out to the grilling porch and yard. Vaulted ceiling in great room. A great value!
