This home's personality is reflected in charming arch-top windows, set off with keystones and decorative shutters. A columned foyer enjoys natural light from a clerestory window, and opens to the great room, which boasts a cathedral ceiling and sliding glass doors to the sun room. An extended-hearth fireplace adds warmth to the living area. Open planning allows the nearby gourmet kitchen to share the glow of the hearth. The breakfast room really lets the sunshine in with a triple window to the rear property. The master suite offers private access to the rear deck with a spa, and features a cozy fireplace, a relaxing bath and a generous walk-in closet. Three family bedrooms—or make one a study—share a full bath and a powder room on the other side of the plan.
