PLAN HPT210036

Square Footage: 1,346
Width: 65'-0"
Depth: 44'-2"

A great room that stretches into the dining room makes this design perfect for entertaining. A cozy fireplace, stylish built-ins, and a cathedral ceiling further this casual yet elegant atmosphere. A rear deck extends living possibilities. The ample kitchen features an abundance of counter and cabinet space and an angled cooktop and serving bar that overlooks the great room. Two bedrooms, a hall bath and a handy laundry room make up the family sleeping wing while the master suite is privately located at the rear of the plan.
