© 1993 Donald A. Gardner Architects, Inc.

THE ENTRANCE to this farmhouse enjoys a Palladian clerestory window, lending an abundance of natural light to the foyer. The great room furthers this feeling of airiness with a balcony above and two sets of sliding glass doors leading to the back porch. For privacy, the master suite occupies the right side of the first floor. With a sitting bay and all the amenities of a modern master bath, this lavish retreat will be a welcome haven for the homeowner.
